

Delivery Executive

Beyond Technologies is a professional service firm, specialized in SAP solution integration and business process optimization. We are looking for Delivery Executive to join our dynamic team.

Your tasks:

- Managing engagement, project or complex program end-to-end across all key processes (initiating, planning, executing, controlling and closing) and all key PM domains.
- Oversee the delivery of multiple projects related to successful project execution.
- Translate generalized customer business goals and objectives into concrete strategic delivery plans for the project.
- Evaluate complex situations accurately and identify viable solutions that creates successful outcome for the customer and Beyond Technologies.
- Active risk, issue, scope, resource, financial and quality management of all key engagement elements.
- Build proactive formal and informal communication/relationship with key stakeholders
- Resolve political, resource, budgeting, change and legal issues affecting the program.
- Oversee the project team, offering guidance and escalating concerns
- Hold customer and team accountable, initiating performance improvement conversations as necessary
- Communicate with the team and customers to build credibility and ensure all parties are informed of the strategy, major issues, and dependencies
- Serve as mentor / advisor / decision-maker to project managers and other practitioners for the management topics.
- Maintain program documentation and updates; create and analyse lessons learned and actively share with the Program Management Practice for use in future programs.
- Participate in the development of project / program management best practices, examples, templates and SAP's Program Management Methodology.
- Ability to define, draft, write and validate content for a Statement of Work.
- Ensure sound and profitable execution of supplier contractual agreement.
- Interact directly with the C-Suite.
- Considered an expert in executive relationship management
- Complete project QA audits

You have:

- 5 – 10 years of project management experience in large scale, high-risk, or strategic projects/program.
- 3 – 5 years of supervisory or coaching experience in teambuilding and leading teams.
- Demonstrated experience leading cross functional teams within a formalized methodology.
- Strong customer focus.
- Strong leadership, people and stakeholder management skills and competencies.
- Excellent communication skills in French and English (a must)

At Beyond, we want our employees to be happy and healthy both at work and outside of work. Everything we do and offer our employees is based on our philosophy that investing in our people is beneficial for all of us.
