Your tasks:

- Responsible for the design, build and implementation of SAP IBP solutions and providing functional expertise and instruction on SAP products and services to the clients
- Configuration (including documentation) of SAP IBP including configuring SAP IBP models, Master Data and cloud platform integration to existing systems to support Client's Inventory Replenishment Processes
- Work with all team leads to design, build and implement complex solutions
- Facilitate workshops to collect business requirements and translate them into system requirements with ability to identify gaps and issues
- Mentor users in SAP Supply Chain Planning Business processes
- Lead the delivery of complex SAP IBP solutions focused on business transformation
- Perform detailed analysis of complex business process requirements and provide appropriate solutions
- Create and update functional specifications for SAP IBP for replenishment inventory
- Develop necessary product modifications to satisfy clients' needs
- Act as liaison with client for troubleshooting: investigate, analyze, and solve software problems
- Proactively identify and propose business process and/or system enhancements
- Provide consulting services on both new implementations and existing support projects
- Work self-directed and independently; act as subject matter mentor to more junior team members

You have:

- At least 10 years of work experience in relevant in SAP Supply Chain planning consulting services
- Experience in developing roll-out strategies
- Profound understanding of Supply Chain planning processes
- Ability to multitask and manage multiple deliverables and projects at the same time, to work in a team environment, effectively interacting with others, to provide recommendations with regards to future business and solution opportunities
- Must be results oriented, and demonstrate a “can-do” attitude – adaptability, flexibility and resourcefulness
- Excellent written and verbal communication skills in English and French

You are:

- Solution-oriented
- Authentic
- Diplomat
- Collaborative
- Creative, with innovative ideas
- Motivated and determined to succeed
- Autonomous with leadership

At Beyond, we want our employees to be happy and healthy both on and off the job. Everything we do and offer to our employees is based on our philosophy that investing in our people is good for all of us!

Beyond is dedicated and committed to promoting a diversified and inclusive work environment for everyone. Beyond Technologies is an equal opportunity employer and we believe in fostering an environment where everyone regardless of gender, race, ethnicity, sexual orientation, disability, age, or all other identities feels respected, protected and celebrated.
