

SAP SD/MM FUNCTIONAL CONSULTANT

Beyond Technologies Solutions is a professional services firm specializing in the integration of SAP solutions and optimization of business processes. We are looking for an SAP SD/MM consultant to join our dynamic team.

You will be an expert resource in the SAP SD/MM solution within Beyond Technologies and our customers. You will be the person with whom stakeholders will have the confidence to work and collaborate through your ability to manage complex challenges by demonstrating the added value of your expertise and our solutions.

Your tasks:

- Facilitate the implementation and support of SAP SD/MM
- Perform detailed analyses of complex business processes and provide appropriate system solutions identity, interpret, validate and document customer requirements
- Facilitate workshops to collect operational requirements
- Map operational requirements, processes and key objectives; develop product changes needed to meet customer needs
- Design, customize, configure and test the SD and MM modules
- Identify gaps, problems, and alternatives
- Act as an intermediary with the client for problem-solving: investigating, analyzing, and solving software-related problems
- If necessary, deal with urgent changes or transport for high-priority problems
- Document fetal design, test scenarios, and results
- Proactively identify and proactively deliver business processes or system improvements
- Provide consulting services on new locations and existing support projects
- Provide ad hoc user training and support as needed

You have:

- At least 5 years of experience in implementation projects (at least a full cycle) and support and design and configuration of the SD/MM module and knowledge of the main integration points with the other SAP modules (PM and QM experience is an asset)
- Ability to manage multiple tasks, deliverables, and projects at the same time
- Experience in professional services or distribution company: an asset
- Understanding accounting business processes
- Exceptional verbal and written communication skills in English and French (**This is a requirement since in this role you will be dealing with customers, partners and/or our international subsidiaries requiring communication in English on a recurring basis both verbally and in writing*)

You are:

- Dynamic
- Flexible
- Resourceful
- Ability to work in a focused environment teamwork and to interact effectively with others

At Beyond, we want our employees to be happy and healthy both on and off the job. Everything we do and offer to our employees is based on our philosophy that investing in our people is good for all of us!

Beyond is dedicated and committed to promoting a diversified and inclusive work environment for everyone. Beyond Technologies is an equal opportunity employer and we believe in fostering an environment where everyone regardless of gender, race, ethnicity, sexual orientation, disability, age, or all other identities feels respected, protected and celebrated.
