

SENIOR SAP CAR CONSULTANT (RETAIL)

Beyond Technologies is a professional services firm, specializing in the integration of SAP solutions and the optimization of business processes. We are currently looking for a Senior CAR Consultant to join our rapidly growing dynamic team.

You will be an expert resource in the CAR solution within Beyond Technologies and our customers. You will be the person stakeholders trust to work with and collaborate with because of your ability to manage complex challenges by finding cost-effective solutions while demonstrating the added value of your expertise and our solutions.

Your tasks:

- Participate in business and architecture planning sessions and anticipate future business and architecture changes and strategies
- Estimates, assumption, schedule, scope, role definition and responsibilities
- Review and challenge functional specifications for accuracy and completeness
- Collaborate with the implementation lead and/or project manager to communicate the business process strategy and vision; facilitate business process review meetings with business stakeholders
- Define release, deployment and rollout strategies
- Identify and communicate risks (business, application, technical) associated with the implementation of components or applications at the business and enterprise level (in collaboration with Enterprise Architect)
- Manage changes or emergency transports as needed for high priority issues
- Proactively identify and propose business process and/or system improvements
- Provide consulting services on new implementations and existing support projects
- Act as a liaison between business functions and the technical team
- Provide ad-hoc training and user support as needed
- Work independently and autonomously; may mentor less experienced members

You have:

- At least 10 years experience in SAP retail with strong CAR background as a consultant (experience with S/4 Hana on-prem or cloud a great asset)
- Strong knowledge of the integration with other SAP modules and third party system
- Knowledge of Integration Tools is an asset
- Exceptional verbal and written communication skills in English and French (**This is a requirement since in this role you will be dealing with customers, partners and/or our international subsidiaries requiring communication in English on a recurring basis both verbally and in writing*)
- Excellent analytical and problem solving skills

You are:

- Solution-oriented
- Authentic
- Diplomatic
- Collaborative
- Creative, with innovative ideas
- Self-motivated and determined to succeed
- Self-starter with leadership skills

At Beyond, we want our employees to be happy and healthy both on and off the job. Everything we do and offer to our employees is based on our philosophy that investing in our people is good for all of us! Beyond is dedicated and committed to promoting a diversified and inclusive work environment for everyone. Beyond Technologies is an equal opportunity employer and we believe in fostering an environment where everyone regardless of gender, race, ethnicity, sexual orientation, disability, age, or all other identities feels respected, protected and celebrated.
