

TECHNICAL SOLUTION ARCHITECT

Beyond Technologies is a professional services firm, specializing in the integration of SAP solutions and the optimization of business processes. We are currently looking for a Technical Solution Architect to join our rapidly growing dynamic team.

You will be an expert resource in the SAP ABAP, Fiori and integration solutions within Beyond Technologies and our clients. You will be the person with whom stakeholders will be confident to work and collaborate with your ability to manage complex challenges by finding cost-effective solutions while demonstrating the added value of your expertise and solutions.

Your tasks:

- Act as a technical expert and reference in all stages of project lifecycle, that is, Discovery, Prepare, Explore and Realize phases of SAP Activate based projects
- Chair Architecture Committee meetings during project
- Act of main point of contact with SAP Basis and Infrastructure teams
- Lead in the elaboration of the required technology platforms to support complex customer environments including cloud and on-premise software products
- Design integration strategy (process, data and user) for applications and systems including cloud-to-cloud and hybrid integration scenarios
- Transform business functional requirements into technical designs based on development and integration best practices
- Collaborate with other members of the technical team in the design, delivery and deployment of solutions
- Provide accurate forecasts for the completion of the project development, testing and implementation phases
- Mentor novice developers
- Provide technology advisory services on new and existing initiatives

You have:

- Minimum 15 years of ABAP, PI/PO etc.
- Solid object-oriented programming experience
- SAP Fiori Development Experience (1 year)
- Experience in gateway development
- Experience with HANA
- Strong analytical skills and ability to write technical specifications
- Experience in the retail sector
- HCP or Java experience considered a strong asset
- Exceptional verbal and written communication skills in English and French

You are:

- Solution-oriented
- Authentic
- Diplomat
- Collaborative
- Creative, with innovative ideas
- Motivated and determined to succeed
- Autonomous with leadership

At Beyond, we want our employees to be happy and healthy both on and off the job. Everything we do and offer to our employees is based on our philosophy that investing in our people is good for all of us! Beyond is dedicated and committed to promoting a diversified and inclusive work environment for everyone. Beyond Technologies is an equal opportunity employer and we believe in fostering an environment where everyone regardless of gender, race, ethnicity, sexual orientation, disability, age, or all other identities feels respected, protected and celebrated. By providing us with your application, you agree that your documents may be retained in Beyond Technologies' databases for an indefinite period of time in accordance with our internal information retention policies.
